**APATHY** Is The Most Powerful Force Against Peace

- War in Iraq is Immoral, Illegal, and Senseless
- War is the ultimate violation of human rights.
- Lift the sanctions that have killed over half a million innocent Iraqi children since 1990
- If U.S. invades Iraq, hundreds of thousands of innocent Iraqi and US citizens may die.
- War against Iraq will greatly increase the possibility of terrorist attacks against the U.S.
- The world does not support U.S. invasion of Iraq. War will only create more enemies of the U.S.
- Disarm Saddam Hussein through diplomacy.
- Spend my tax dollars for human services, not war.
- No war for oil ♦Support alternate energy sources
- U.S. attack on Iraq will violate the non-aggression provision of the United Nations Charter.
- War in Iraq could cost U.S. taxpayers more than \$100 billion – Resources badly needed at home.
- Peace ♦ Compassion ♦ Justice ♦ Responsibility
