

Who Profits from War in Iraq?

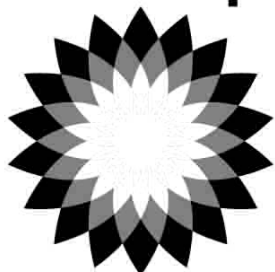

Bush profits • Bin Laden profits • Oil companies profit • Defense contractors profit

UNOCAL

bp

Chevron

ExxonMobil

Why are oil companies so eager for war?

Prices will skyrocket as tensions increase. The result: more money for oil companies and less money for the rest of us.

They'll do even better after a war. The Bush Administration is already making plans to redistribute oil rights during an American occupation of Iraq.

War in Iraq means more profits for the oil industry.

Iraqis pay • Americans pay • Israelis & Palestinians pay • Immigrants pay

And Who Pays the Price?
